"LIBERTY, THE UNION, AND THE CONSTITUTION."

WASHINGTON CITY, SATURDAY NIGHT, NOVEMBER 1, 1845.

VOLUME 1.

DR. SWAYNE'S COMPOUND SIRUP
OF WILD CHERRY,

The great remedy for consumption, colds, coughs, spitting of blood, bronchitis, difficulty of breathing, asthma, pain in the side and breast, whooping-cough, croup, and all diseases of the liver and tungs, broken constitution, &c.

THE above is the original and only genuine timore

and things, broken constitution, &c.

The above is the original and only genuine preparation from this valuable tree, and has won its way to public favor by its unparalleled success in curing all diseases of the lurgs, notwithstanding the many articles prepared by persons who have no knowledge of the science of medicine, in theory or practice; and some, more readily to deceive the unsuspecting, use a part of the name of the original preparation, such as "balsam of wild cherry," "Phenix balsam of wild cherry," "blasam of wild cherry," "Phenix balsam of wild cherry," "brenix balsam of wild cherry," "balsam of wild cherry, "thenix balsam of wild cherry, "brenix balsam of wild cherry, balsam of wild cherry, "thenix balsam of wild cherry, "balsam of wild cherry, "thenix balsam of wild cherry, "balsam of wild cherry, "thenix balsam of wild cherry, "balsam of wild cherry, "balsam of wild cherry, "thenix balsam of wild cherry, "thenix balsam of wild cherry, "the wild cherry and camfrey," &c.—all sprung up with a mercenary view, after Dr. Swayne's compound sirup of zild cherry had won a reputation in the healing art never to be forgotten by many a once cheerless fireside. Therefore the public should be on their guard, and purchase none but the original preparation, which is daily performing such astonishing cures in pulmonary complaints, after all remedies had failed, and the putients given up as hopeless. Thousands of certificates might be published, which would astonish redulity itself; but it is deemed unnecessary. Below we publish a few of the names of persons who have been cured by this wonderful estifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, in curing Valentine Chapman, one of the most aggravated cases of diseased lungs which has ever been placed upon record, after every other remedy had failed, and his physician had given him up as incurable.

Mrs. Brown, corner of Second street and Germantown road, Philadelphia, effectually cured of diseased lungs and the symptoms of incipient consumptio

and breast, &c., after being reduced to a mere skeleton.

James Osburn, Washington, Pennsylvania, cured
of consumption and bleeding of the lungs, after being given up by several eminent physicians, and
having used most of the patent medicines.

This medicine, in all cases, gives immediate relief,
and is a safe, pleasant, and effectual remedy, and
worth a trial from the most skeptical.

GREATEST WONDER OF THE AGE.

PATENT GALVANIC RING, AND MAGNETIC FLUID.—These wonderful Rings, and the Galvanic Fluid, have created a great sensation throughout Europe, and are attracting crowds to see them, both in New York and Boston. They care with astonishing rapidity rheumatism, gout, tic-doloreux, fits, cramp, sick headache, indigestion, paralysis, stiff joints, general debility, deficiency of nervous energy, and all nervous disorders. They produce all the beneficial results of the ordinary galvanic battery, or electric and magnetic machines, without the injurious shocks which always accompany their application. The secret of preparing the Ring was discovered by Professor Harmance Christie, of London, in October last, and they have been recently introduced into this country by Dr. A. Christie, who warns the American public, from the beginning, to beware of spurious imitations. To guard against fraud, he will appoint but one agency in each of the cities of the United States.

with an offer to supply Key West.

Proposals for commencing said routes at any other United States port on the Atlantic, than as above named, will be considered.

It is intended, out of the foregoing list of routes, to make selection of one to Europe, and one to the Gulf of Mexico and the Pacific, as may best be determined, after proposals for service on all the routes are submitted—not relinquishing, however, the right to place a greater number in operation, if it shall be deemed expedient to do so.

The proposals should specify the number of trips to be performed during the year, and as near as may be, the day of the month on which the vessel conveying the mail is to depart from the port at each end of the route. The department contemplates on route No. 1, a semi-monthly conveyance for eight months of the year, and a monthly conveyance for the residue of the year, and a monthly conveyance; on No. 3, the same, on No. 4, a monthly conveyance; on No. 5, as frequent a transportation as two or three times a month, on No. 6, a trip once in two months; and on No. 7, twice or three times a month,

And special notice is hereby given, that, agreeably to the provisions of the act of Congress aforesaid, those proposals (being acceptable in other respects) will be preferred, which shall engage to carry the mail in a steam ship or ships, and shall stipulate to deliver said ship or ships to the United States, or to their proper officer, on demand made, for the purpose of being converted into a vessel or vessels of war; the United States being bound, on their part, to pay the fair full value thereof at the time of delivery, to be ancertained by four appraisers, appointed two by the President of the United States, and two by the owner or owners, with an umpire, in case of disagreement, to be appointed by the President of the United States.

It should be shown, by the certificate of a postmater, or other equivalent testimony, that the bidders are American citizens, and that the mail is to be transported by them "in American vessels, by American citizens."

The postage fixed by law upon mailable matter to be transported by these lines, is as follows: "Upon all letters and packages not exceeding one half ounce in weight, between any of the ports of the United States wall to or from the post office at a port of the United States and the owner, and five cents over half an ounce in weight, and not exceeding one half ounce, sent through the United States and any of the Ports of the United States and any of the Ports of the United States and any of the verse; and teenty cents upon Jetters and packets not exceeding one half ounce, sent through the United Sta r, pampliet, or price-current, corn the United States and any aces above enumerated, three ted States postage added when ed to or from said port of the United States mail."
